Old Age and Glasses

The gradual decrease of ocular power which accompanies age should not be considered contrary to nature any more than it is for hair to turn gray, the teeth to become defective, or the muscles to weaken.

Besides, as age advances, the other physical faculties are apt to be used less and less, and the eyes more and more.

Artificial aid is therefore to be expected and should always be resorted to at the first indication of failing eyesight. Call and be fitted with the glasses your eyes require.

T. B. HURLEY, LOCAL BUSINESS MAN, MARRIES MISS ADA AYRES

A wedding ceremony marked by its simplicity united in marriage Mr. T. B. Hurley and Miss Ada Ayres. The young man is a member of the firm of Hurley Brothers, hardware dealers, and a son of Mr. and Mrs. W. L. Hurley of West Center street. Miss Ayres is the charming daughter of Mrs. Clara Ayres, who has won for herself a reputation both by her personality and her whistling ability. She was a graduate of the Covina high school with the class of 1922. The ceremony was performed at the home of the bride's sister and her husband, Mr. and Mrs. Lee Bashore, in Pomona, by Rev. J. Harvey Deere of the Baptist church in that city. The young people took their place beneath a wedding bell suspended from an arch of greenery and chrysanthemums. Immediately following the ceremony a luncheon was served and the young couple left on a short honeymoon and upon their return will make their home on West Center street.

The guests at the ceremony were Mrs. Clara Ayres, Mr. and Mrs. C. A. Roberts, Mr. and Mrs. W. L. Hurley, Mrs. Gover, Mrs. F. L. Worley, Misses Della and Daisy Hurley, and Mr. Walter Hurley.

Merchant Gratified at Advertising Results

C. F. Clapp, proprietor of the Rexall drug store of this city, took occasion this week to compliment the Covina Argus on the drawing power of its display advertising.

In the last issue of this paper Mr. Clapp carried a full page display advertising a one-cent sale for Friday and Saturday. The sale was one of the greatest business successes in the history of the city. The store was filled with eager purchasers from early morning to late at night on both days.

"Speaking in an Argus representative Mr. Clapp said: 'Good service is a point of special pride with us, but we almost feel that we owe an apology to many who failed to find prompt and perfect service on our sale days. We were simply overwhelmed by the crowds who came to our one-cent sale. It was impossible to give everyone the prompt and efficient service that is customary at this store, but we had the satisfaction of knowing that everyone received for his or her money values that could not be excelled anywhere by any firm. Our results from Argus advertising are always gratifying.'"

THIEVES REAP HARVEST IN AUTOMOBILE TIRES

Operating with unusual boldness, auto thieves stripped a number of cars of spare tires and other accessories while parked on the grounds of the San Dimas grammar school on Tuesday evening.

The occasion was the monthly meeting of the associated chambers of commerce of the San Gabriel valley and the thieves were active while the members were at the banquet table. Over one hundred cars were parked on the grounds.

Among the victims were Glen Harsh of Covina and R. W. McQuiston of Azusa.

SCHAIKHS ENTERTAIN WITH WEINIE BAKE IN CANYON

Mr. and Mrs. W. A. Schaike entertained Saturday evening with a weinie bake at their cabin in the San Dimas canyon. A huge bonfire was built in the yard, where weinies and marshmallows were roasted and supper was served. Later in the evening the party adjourned to the cabin, where they played cards. The guests were Messrs. and Mrs. Hollingsworth and Mr. and Mrs. Earl Meredith of Los Angeles, Mr. and Mrs. Monroe and Mrs. Groninger of San Dimas, Mr. and Mrs. Frank Gerhart, Mr. and Mrs. Harry Shank, Mr. and Mrs. George Semler, Mr. and Mrs. Myron Crawford, Mr. and Mrs. Herbert Casey, Mr. and Mrs. Ora Gant, Mr. and Mrs. Will Haynes, and Mr. and Mrs. Boyce of Covina.

EPIDEMIC OF RABIES IS PREVALENT AMONG DOGS

Constable J. J. Saunders states that five dogs infected with rabies have been destroyed in the Covina district during the past week. The dogs have been stricken with the dumb type, the lower jaw becoming stiff and dropping.

Constable Saunders requests that all owners of dogs should carefully observe their animals for the next few weeks, and upon the first indication of sickness the local veterinary should be called.

Holiday Crowd Sees Covina Beat Alhambra

Last Saturday being a holiday in Covina, a large number of our people attended the football games between the local high school boys and Alhambra teams at Alhambra. It was the third league game of the season for the regular high school team and was won by a score of 9-0.

For four years Alhambra has been vainly trying to win a football game from Covina. The last attempt was about as successful as the previous three. While the score was fairly close, it doesn't begin to tell how thoroughly Covina had their opponents mastered, Alhambra never being able to carry the ball past the center of the field.

The game opened with Covina kicking off. After a few tries at the line, Alhambra punted to Jobe, who returned the ball ten yards. Covina then started an offense of off-tackle plays that took Alhambra completely off their feet. After the Colts had advanced the ball to Alhambra's 15-yard line without a pause, the fans were up on their toes expecting a touchdown—but the fates had decreed otherwise. A Covina back fumbled and Alhambra, recovering, kicked out of danger.

Quarterback Jobe immediately reversed his team's tactics, going on the defensive for the rest of the period. During that time Alhambra was unable to make a first down, while Covina was content to carry the ball down within kicking distance and practice field goals. Three were tried. One by Don Grant from the 40-yard line brought the crowd to its feet, but fell short by inches.

Between halves Coach McIntosh evidently changed his orders. The team received and Jobe immediately stepped on the throttle. Terrific line smashes by the Covina backs netted from 4 to 10 yards at a plunge, and a few minutes after kickoff Boots shot through tackle for a touchdown. Grant's advance to added another point from placement.

The remainder of the game was one of continual thrills. Alhambra opened up with a string of passes from a spread formation. But the excellent defense of Covina against their aerial attack kept them completely smothered. Out of twenty passes tried, only two were completed, for a net gain of 14 yards. The rest were either knocked down or intercepted. One of the latter Captain McHann gathered to his manly chest and sprinted 40 yards through a broken field for a touchdown, only to have it disallowed because of offside play by a Covina lineman. Earlier in the game Covina lost another touchdown by Buck Cone because of illegal use of hands by a player assisting the runner to his feet.

In the last few minutes of play, Covina carried the ball to Alhambra's one-yard line, scoring a safety just as the whistle blew.

Saturday's game failed to answer the question that has been puzzling both the local fans and those nearer the foothills, and that is: Just how good is McIntosh's eleven? That their defense is good is proved by the fact that no team has been able to buck the ball across their goal.

Coach McIntosh says his offense doesn't seem to be able to get going. Quarterback Jobe says the punch is there and to spare, but he hasn't been allowed to open up. So there you are. Friday's game will tell.

Covina and Monrovia are still dividing space on the top, but both must win the games Friday to stay there, and both have hard nuts to crack. Monrovia at South Pasadena. Covina at Citrus.

THANKSGIVING SERVICE WILL BE HELD WEDNESDAY EVENING

The numerous churches of the town will unite this year in a community Thanksgiving service. The service will be held on Wednesday evening, November 29, the night preceding Thanksgiving day.

In the past it has been the custom to hold this service on Thanksgiving morning, but on account of the many duties devolving upon the ladies of the community in preparing their Thanksgiving dinner, the attendance on these services in the past has been light. Under this new plan it is expected that the congregation will tax the capacity of the church.

The service will be held in the Christian church and the speaker of the evening will be the Rev. Howard Clark, pastor of the Methodist church. The officers of the Christian church are arranging for the musical program and decorations.

EL MONTE HOST TO MASONIC CLUB MEMBERS

El Monte was the Mecca on Tuesday evening of Masons in the San Gabriel valley, the occasion being the monthly gathering of the members of the Masonic Club of the 72nd district. At 6:30 a sumptuous chicken dinner was served the visitors by the members of El Monte lodge, at which nearly two hundred were present. Following the dinner the third degree was conferred, the work being done by the wardens of the district.

The organization of this new Masonic club and the enthusiasm and good-fellowship which it has engendered throughout Masonry in this district is due to the "pep" and energy of Mr. Lester Renner of Azusa, who is the popular inspector of the 72nd district.

Among the Covina Masons present on Tuesday evening were W. P. Nye, William Hoogendyk, Edward Blanchard, Edward Sprout, Thomas Compton, C. W. Bull, Dr. Wallace Reed, Dr. C. W. Searcy, and Ben F. Thorpe.

Explorer to Speak at Covina Men's Club

The November meeting of the Covina Men's Club will be held Tuesday evening, the 28th, at the Woman's clubhouse. The dinner will be served at 6:30 by the ladies of the Monday Afternoon Club. This is the annual meeting of the organization and the election of officers will occur.

The program of the evening will consist of an illustrated lecture entitled "The Natural Monuments of the Southwest," by Frederick Monsen of Pasadena. The lecture deals primarily with the Colorado river in its course through the American desert. The lecturer has visited and studied the various proposed sites for hydro-electric development along the Colorado, will have something to say regarding these projects. The lecture will be illustrated with many beautifully colored slides.

Dr. Monsen is an explorer of international repute, having headed expeditions into the remote sections of Mexico, Central America, and the West Indies. He is perhaps best known for his researches in the prehistoric ruins of New Mexico and Arizona. Two years ago he delivered a series of three lectures at the annual meeting of the California Teachers' Association which brought him to the prominent notice of the educators of the United States.

STRONG DEMAND SHOWN FOR BUILDING SITES

The past week has seen a renewal of real estate activity throughout the valley. Real estate men report a number of inquiries for slightly building sites. The foothills, both north and south of Covina, are attracting the attention of many who are looking for homes away from the rush and noise of the larger cities.

R. A. Welch, a local realtor, reports the sale of two and three-quarter acres of the holdings of Mrs. L. M. La Petra, north of the Foothill boulevard, to Mr. and Mrs. Verhaar. This slightly property, acquired as a homesite, commands a magnificent view of the upper San Gabriel valley. It is a vacant piece of land dotted with liveoaks. It adjoins the Ellicott Evans property. The price paid was \$9,500. The new owners are already having plans drawn for a handsome California bungalow at an estimated cost of \$15,000. Mr. and Mrs. Verhaar are owners of several orange ranches in the Charter Oak district.

D. W. MacDonald, who with his wife and daughter recently moved to Glendale, reports the sale of his ten-acre grove on the corner of Cypress and Glendora avenues to a Dr. Webb of Los Angeles. The deal was in the nature of a trade, Mr. MacDonald acquiring income residence property on Fourth street, in the Westlake district, Los Angeles. The new owners do not expect to occupy the property for about a year. The residence on the ranch is at present rented by Mr. and Mrs. Meek, the former being the proprietor of the Covina Music Store. Mr. MacDonald's removal to Glendale was due to the increased demands of his business, which necessitated his living nearer to Los Angeles.

LONGWORTH CAFETERIA BROKEN INTO ON TUESDAY NIGHT

The premises occupied by the Longworth cafeteria and grocery were entered on Tuesday night and the cash register rifled of all the small change, something less than \$2. The thief also took a small amount of groceries. The store was entered from a window in the rear. The police authorities believe that it was the work of a boy.

World Peace Subject of Club Speaker

In observance of Armistice day, the meeting of the Monday Afternoon club of Covina, held on November 13, was along patriotic lines, opening with the salute to the flag, followed by the singing of "America" by the audience.

"World peace, the goal of American citizenship," which is the year's slogan of the state federation of women's clubs, was the title of the discourse given by the speaker of the afternoon, Professor Robert D. Dennison, doctor of philosophy of Pomona college.

Dr. Dennison's coming was a signal favor to the Monday Afternoon club, as he is repeatedly solicited to appear before various gatherings and as repeatedly declines to give of his valuable time. His intensely interesting talk of Monday afternoon was punctuated with rare bits of pathos and humor and when he had finished, the regret was general that more time could not have been given to the subject at hand.

Miss Eula Anderson, violinist, accompanied by Miss Ollie Jones, pianist, demonstrated their ability to entertain with their chosen musical instruments, and graciously responded to the insistent encore.

Mr. J. D. Coles pleased all with his singing of "Beloved It Is Morn," and "Duna." Mr. Coles was given excellent support by his wife at the piano. Following out a color scheme of yellow and white, masses of asters, chrysanthemums and marigold had been brought into play by the decorating committee, comprising the following ladies: Mrs. F. B. Hurd, Mrs. William Ferguson and Mrs. H. O. Mace.

Announcement was made that \$145.62 was the amount realized from the Covina theater benefit for the furtherance of charitable work through the club.

The customary cakes and tea were served in the parlors by the hostesses of the day, Mesdames S. S. Aschenbrenner, C. H. Beattie, E. G. Prather and J. N. Wilson. One tea-table being decorated with red, white and blue flowers, the other with artistically placed autumn leaves.

Wallace Buys Interest In Local Ford Firm

J. M. Malneritch, who for several years has been associated with the corporate firm of Everett, Malneritch & Clark, the largest Ford agency in this valley, has sold his interests in the firm to Murray D. Wallace, at present a resident of Long Beach. Mr. Wallace is a brother of Ray G. Wallace, who some months ago purchased the Clark interest in the same firm.

The Wallace brothers are from Iowa, moving to California about one year ago. Early in the summer they were recalled to Iowa on account of the illness of their father, which terminated fatally in September. Following his death both brothers returned to California and will shortly make their permanent home in Covina.

The firm is recognized as one of the most successful Ford agencies in the valley and the Wallace brothers are to be congratulated upon associating themselves with an established and substantial firm. They will also make a valuable addition to the business of the town. Mr. I. Worth Everett, the senior member of the firm, is a keen business man whose square dealings and business ability rapidly brought him recognition among business circles throughout the eastern end of the county.

LA PALOMA CHAPTER, EASTERN STAR, ELECTS OFFICERS

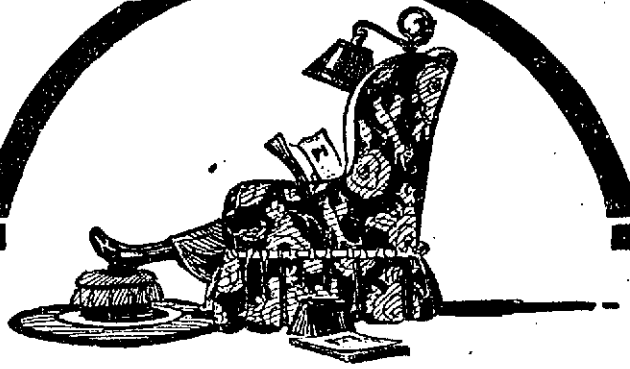

La Paloma chapter, O. E. S., held its election of officers for the ensuing term Thursday evening at its regular meeting. The officers-elect are: Mrs. Esther Searcy, worth matron; Mr. Charles F. Hasselider, worthy patron; Mrs. Esther Walters, associate matron; Miss Maud Hurst, conductress; Mrs. William Bost, associate conductress; Mrs. Alice Burpee, secretary; Miss Maud Fairly, treasurer.

A social hour was held and refreshments were served by a committee of ladies. The installation of officers will occur in December and will probably be a joint installation with the Masonic order.

The drama section of the Monday Afternoon club held its regular meeting Wednesday at the home of Mrs. C. E. Paige. A study of the Spanish drama was commenced and will be carried on under the direction of Mrs. David S. Watson.

Coman-McBride Wedding Home Affair

Monday evening at seven o'clock there was a simple but very pretty wedding at the Coman home, when Miss Oris McBride, only daughter of Mr. and Mrs. Oran McBride of Fort Smith, Arkansas, became the bride of Ellis Seymour Coman, second son of Mrs. Mary M. Coman, the Rev. Edward Williams, pastor of the First Presbyterian church, officiating.

The living rooms of the Coman home were decorated with a profusion of creamy-white chrysanthemums, with ferns and gracefully trailing greenery, to make a fit bower for the dainty beauty of the fair bride. The happy young couple stood under an arch of smilax and chrysanthemums while they exchanged the solemn pledges and vows of the church and the law. A little group of loving relatives and friends witnessed the ceremony and at its close offered most cordial congratulations and heartiest good wishes.

The bridal gown was of white beaded georgette over white satin, with low girdle of the satin, while her bouquet was of lilies of the valley with white sweet peas and maiden hair fern.

Following the ceremony refreshments of bride's and wedding cake with Neopolitan cream, coffee and bon bons were served. The wedding day was also the birthday of the groom and oddly enough the guests also numbered thirteen, which proved a lucky number for all concerned. Many beautiful gifts of silver, linen and cut glass attested the loving interest of many friends. Mr. and Mrs. Coman will be at home after December 1st at the family home, North Citrus and Bonita avenues. The guests were Rev. Mr. Williams, Mr. and Mrs. Jesse Gerhart of El Monte, Mr. and Mrs. David Edward Seward, Mr. and Mrs. Floyd Dolcater and children, Miss Grace Plum and Mrs. Coman and two sons.

Court Gives Decision In Fumigating Case

The case of Mrs. Sofie Hurwitz vs. S. A. Stowell of Charter Oak, fumigating contractor, on trial before the superior court, Judge Hahn's department, during the past week, is of interest to all citrus growers and fumigators throughout the state.

This was a case wherein the plaintiff sought to obtain damages from the defendant in the sum of \$40,000 for injury to her orange grove, alleging injury was the result of fumigation. The facts brought out showed that the plaintiff's orange grove, after the fumigation, was injured by the severe electrical winds of last December and the freeze following in January.

Prof. Woglum, entomologist of the Fruit Growers' Supply Company, gave testimony on behalf of the defendant, and was so conclusive that the judge, in giving the decision to the defendant, intimated that even though there might have been considerable damage resulting from the fumigating, the defendant could not be held liable for same, if they did the work under the rules and regulations as laid down by the county horticultural commissioner, unless it could be shown that the fumigation was done negligently in some particular.

The reason being that fumigation is not an exact science, the fumigator being comparable to a doctor who gives service to the best of his ability without liability for the results.

Attorney W. G. Lincoln of Los Angeles handled the legal part of the case for Mr. Stowell.

FORMER COVINA RESIDENT WRITES FROM ENGLISH HOME

J. W. McCall, for many years connected with the Covina Valley Tailoring Company, who several months ago followed the removal of his family to England, writes as follows:

40 Four Post Hill,
Southampton, England,
October 26, 1922.

Postmaster D. Stafford,
Covina, Calif.

Dear Mr. Stafford:

Many times I was going to write and thank you for the very kind way you have treated me in sending on the mail addressed to me at Covina. I am sorry to have given you so much extra trouble, but the fault is mostly with so many who have forgotten or disregarded my change of address.

You will see by my heading I am now going to live at Southampton, where I shall have a little consolation in being able to look out from our windows and seeing the ships that move between here and the dear old U. S. A.

Of course I miss California very much, but hope I shall be spared to see it some day in the future once again.

If you ever come this way, or anyone from out there, that I could be of service to, I only need to know their wishes to be at their service to them in any way I could.

With thanks to you and your staff, who no doubt have shared in my bother to you, and with very kindest regards, in which my wife shares to you and the staff,

Yours, very obliged,
J. W. McCALL.

Good Goes Feature Legion Boxing Bouts

Three or four as lively contests as have ever been staged by the local Legion post in their Badillo street arena were witnessed by a rather small-sized crowd Friday night.

Joe Chaney of Whittier added another to his long chain of victories by defeating Kid Layman. Layman is a clever boxer—one of the best around Los Angeles—but Chaney is so quick that he never even has to get down to serious business to protect himself or to hit his opponent.

In the semi-windup, Kid Louie of Placentia drew with Jake Hire for the decision. This was a good contest, as was also the one between Joe Layman and Eddie White, with Layman on the winning end.

A big fellow, Jack Grande, started out strong against Jim Gatton of Placentia, but Gatton was the boy who finished strong and took the decision.

An eye that closed almost instantly put Sol Blake out in his go against Kid Mayo, the bout being stopped and Mayo given the decision.

The only event on the card was between Frankie Moody and Joe Terry. This looked to the fans to be a contest in which the boys had agreed not to hurt each other and was called a draw.

Until conditions are more favorable for getting a larger attendance, the Legion boys have decided to hold but one contest a month, instead of one every two weeks. It is expected that the fight fans will be more enthusiastic about the bouts if they come at longer intervals.

Chautauqua Closes With Fine Program

Covina's first community, or home-talent, chautauqua was concluded last Saturday evening with a highly interesting and informing talk on Lassen Peak, California's volcano, and the country around about, including the wonderful Feather river canon, by Mr. Winfield Scott of the Western Pacific general offices. It was preceded by a highly spectacular Indian club drill by Miss Meisner's class of grammar school girls, using electrically illuminated clubs in a dark interior, and a wonderful ~~cannot solo by Dorothy Hendrix, aged nine years, and Miss Dorothy Warner at the piano.~~ In another year Dorothy Hendrix will be a child phenomenon, and she is very soon to be muscled and a regular player in the Covina city band.

Without going into detailed mention of the preceding programs, it should be said that fair audiences greeted all the programs of the week, notwithstanding heavy counter attractions and inclement weather. The people who attended have been warm in their expressions of satisfaction with the programs that have been offered. In a large measure the desire of the chamber of commerce to stimulate the community spirit through this week of practically cost-free entertainment of high grade appears to have been attained. That Covina has, within her limits, enough excellent talent, amateur and professional, to furnish such a week at any time has been sufficiently demonstrated, and there is reason to believe, the interest of the Covina people in their own selves, and in their neighbors who can do things, has been much heightened. There is ground for the hope that the true active community spirit has been advanced.

A show of hands, by request of Rev. C. D. Eddy, at the end of a brief talk on the vital necessity of this community spirit, in Thursday evening's program, indicated that every person in the house that night—over 300—wishes to see this chautauqua idea carried on, and hopes to see other programs produced. It may be said that, to this end, preparations are already stirring. With longer time for preliminaries we may safely promise ourselves that the next chautauqua will present features that should draw capacity houses. Whether this next production will take the form of a solid week or be a series of evenings, one to the week covering several weeks, is a detail not yet settled. The chamber of commerce would appreciate the suggestions of persons interested as to which they would prefer.

NOTICE OF SALE OF REAL ESTATE

Notice is hereby given pursuant to Resolution Number 27, N. S. of the City of Covina, passed at the regular meeting of the Board of Trustees on November 6th, 1922, that it is the intention of the Board of Trustees of said city to sell to the highest bidder the following described property owned by the City of Covina and not now required for public use:

Lot one hundred sixty-seven (167), the northerly four hundred fifty-five (455) feet of lot one hundred fifty-four (154), and the southerly six hundred and eighty-two and five-tenths (682.5) feet of lot one hundred fifty-five (155) of E. J. Baldwin's Fourth Subdivision of Rancho La Puente, in the County of Los Angeles, State of California, as per map recorded in Book 8, page 186 of Maps, in the office of the County Recorder of said county, the northeasterly line of that part of lot 155, and the southwesterly line of that part of lot 154, above described, being parallel with the dividing line between said lots 154 and 155, containing an area of 54 acres, more or less, set out to walnut trees, together with 50 shares of stock of the "La Puente Co-operative Water Company," evidenced by certificate number 297.

Bids will be received at any time after the first publication hereof and before 5 p.m. o'clock of November 20th, 1922, and may be left at the city's chambers at Number 132 North Citrus Avenue, Covina, California. No bids under \$50,000.00 will be considered and all bids must be accompanied by a certified check for ten per cent of the amount of the bid.

The Board of Trustees of the City of Covina will, at their regular meeting of November 20th, 1922, at 7:30 p.m., open said bids, and will, by resolution of award, award the contract of sale to the highest and best bidder, reserving however, the right to reject any and all bids. The terms of said sale will be cash within thirty days from the date of the award of said contract. Upon payment in full the water stock will be transferred and a good and sufficient deed executed and delivered by the City of Covina to the successful bidder.

By Order of the Board of Trustees of the City of Covina.

ASSESSMENT NOTICE.

COVINA IRRIGATING COMPANY, principal place of business, Covina, Covina Township, County of Los Angeles, State of California.

Notice is hereby given, that at a meeting of the directors, held on the 1st day of November, 1922, an assessment (No. 105) of 100 cents per share was levied upon the capital stock (as increased October 22nd, 1886) of the above-named corporation, payable immediately to the secretary at the office of the company at Covina, County of Los Angeles, State of California.

Any stock upon which this assessment shall remain unpaid upon the 1st day of December, 1922, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the 26th day of December, 1922, at 2 o'clock in the afternoon, at the office of the company in Covina, County of Los Angeles, State of California, to pay the delinquent assessment, together with cost of advertising and expense of sale.

RALPH CROOK, Secretary. Covina, Calif., Nov. 3, 1922.

High School Jinks Practice Progressing

Jinks practice has been going on for several weeks and it is lining up great. Some of the features will be a one-act comedy, entitled "Owin' to Maggie"; two reels of moving pictures by real folks featuring Barney Google and Barney Google in the Aba Daba Handicap; a pantomime dance by the girls; a Hawaiian chorus; blackface comedians, and the finishing touches furnished by the orchestra and a couple of comedians to entertain the audience between acts.

Several students have organized a dramatic club and have obtained Miss Coulthurst, one of the faculty, to act as coach. As soon as the jinks is over they will get down to real business and produce several plays.

Miss Baxter, Laura Bonner and Margaret Hilmer, who attended the Girls' League convention at Long Beach, returned home Sunday, chock full of new ideas, but refused to divulge any of them. However, they did say that many of the schools take school time for the girls' meetings. We know this will meet with the favor of the girls if this is done here.

Wednesday there was no school, as it was the second day of the local institute for the teachers. Needless to say, we didn't miss our dear teachers very much, and we suppose they thought the same about us. The first number in the morning program was a saxophone trio, composed of Mildred Randack, Mildred Alexander and Beckham Marr, who played two numbers. The speaker was Dr. E. C. Moore, president of the Southern Branch, and his subject was "What Is Education."

In the afternoon, Olive Coffin gave a group of songs, accompanied by Alice Wright. The speaker was H. A. Adrianm, a well-known lecturer. His subject was "Memories." The other three days of institute will be held just before Christmas in Los Angeles.

Chamber of Commerce Holds Annual Election

The first fiscal year of the Covina chamber of commerce ended with the month of October. The annual election was held on November 9th. A number of days before this date the membership list was mailed to all the members and each was asked to select 14 names from that list. According to the by-laws there were to be two nominations by each member for each vacancy. Messrs. Viney, Matthews, Rinehart, Douglas, Reynolds and Webber were the 6 one-year directors whose terms expired with the year, and with theirs also expired the term of Geo. W. Aschenbrenner, elected in the place of C. E. Crawford, resigned, and also a one-year man because of thus filling a vacancy.

The return mail brought in 65 ballots and the following were the 14 nominees thus picked, in the order of their standing: W. A. Viney, 31 votes; J. L. Matthews, 26; Geo. F. Rinehart, 26; Geo. W. Aschenbrenner, 25; Gordon C. Douglas, 24; Irven G. Reynolds, 24; Harry B. Webber, 23; Ben F. Thorpe, 22; I. Worth Everett, 15; Harry Gordon, 15; C. E. Crawford, 14; L. L. Ratekin, 14; Edward Insley, 13; Glen C. Harnish, 9.

These 14 nominees were thereupon certified to the members and each was asked to select seven from among them. This return brought in 106 ballots, and the highest six men on the list that was made up from them were the six old directors whose terms had expired. The seventh man was Ben F. Thorpe, he receiving 55 votes to Mr. Aschenbrenner's 53. Accordingly the election committee reported these seven men elected directors of the chamber. Inasmuch as the eleven old members of the directorate all understood each other so well that their first year has passed without the slightest jar or friction, and further because of the fact that Mr. Thorpe is a good friend of every one of them, and a worker, there appears no reason why the coming year should not be featured by the same harmony of relation that has characterized the one just closed.

At the regular meeting of the board of directors Tuesday noon, the board organized for the year by re-electing the old officers: Dr. J. D. Reed, president; Geo. F. Rinehart, vice-president; Gordon C. Douglas, treasurer.

The result of this election is not to be construed as an illustration of the difficulty of dislodging a man from office once he is in, but as a testimonial of the confidence of the whole body of the chamber of commerce in these officers who are retained. Mr. Aschenbrenner has been a highly valued member of the board, but he gladly relinquishes these duties which have been very difficult for him to perform along with the heavy burden of his own work. Ben F. Thorpe, elected director for one year, filling the last year of the two-year term of C. E. Crawford, resigned, is well known as a community worker, and is gladly welcomed to a seat on the board.

A Picture of the Heart and Home

Coming to the Covina theater next Monday and Tuesday evenings is "The Old Homestead," one of the greatest plays of the year. It is a Paramount production staged by Jesse L. Lasky and stars Theodore Roberts, George Fawcett, T. Roy Barnes, Harrison Ford and Fritz Ridgway.

The play, "The Old Homestead," held the stage for nearly forty years and is still as poignantly interesting as ever. One reason for this is that the play typifies, symbolizes the home—the root idea of civilization.

The direction by James Cruze is splendid, the acting of the big all-star cast is superlative and the settings are perfect. The old homestead set is one of the most beautiful and convincing ever shown, while the storm scene fairly thrilled the spectators. Theodore Roberts makes a wonderful character of Uncle Josh and other characters in the cast are equally well portrayed.

Tonight and tomorrow, at the local theater, will be shown H. H. Van Loan's latest western picture, "The Sagebrush Trail," featuring Roy Stewart and Marjory Daw. Wallace Beery and Johnny Walker also have prominent parts. The star plays the part of sheriff in a rough mining town, and the action presents some tense and exciting situations.

LA PALOMA MATRON IS HONORED AT LUNCHEON

Mrs. E. H. Walters, assisted by Mrs. William Bost, Mrs. A. G. Gilbert, Mrs. Clinton Hutchison and Miss Maude Hurst, entertained at luncheon Wednesday complimenting the worthy matron of La Paloma chapter, Order of the Easter Star, Mrs. O. M. Baughman.

The affair was given in the spacious home of Mr. and Mrs. Walters on San Bernardino road, where huge bowls of chrysanthemums and fernery were used in decoration. The Thanksgiving idea was carried out in the dainty table decorations, where covers were laid for the chapter officers, Mrs. Baughman, Mrs. C. W. Searcy, Mrs. Alice Burpee, Mrs. Charles Hassheider, Mrs. W. S. Sawyer, Mrs. C. D. Griffiths, Mrs. C. E. Paige, Mrs. Ralph Lang, Mrs. Bert Mill, Mrs. J. N. Hurst, Miss Marjorie Maxson, and Miss Maude Fairly. Mrs. F. E. Dudderar was also an invited guest.

CARD OF THANKS.

Mrs. Eva B. Dolcater, with her son and daughters, extends most appreciative and heartfelt thanks to the many friends who were so sympathetic and helpful during the illness and home-going of the husband and father, Joseph Albert Dolcater. The kindness, flowers for the farewell service and the loving words of comfort will never be forgotten.

Mrs. Eva B. Dolcater, Dorothy D. Heald, Esther D. Anderson, Floyd Dolcater.

FEED

One of the most valuable side-products of the poultry business is the fertilizer.

Orange and walnut men have at last awakened to the realization of that fact, and by experiment have proven that flocks run in connection with their groves have doubly paid for themselves in revenue from EGGS and high grade fertilizer.

COMPETITION (The Public's Right) RESTORED

An Announcement

The Central Pacific Railway lines are to be separated from the stock ownership and operating control of the Southern Pacific Company of Kentucky, in accordance with the mandate of the United States Supreme Court of May 29, 1922. The Court's decision now goes to the United States District Court of Utah, where the details of the separation of the two properties will be formulated.

The Court's decision means the beginning of an era of active railway competition in California. This, in turn, means the opening of a period of intensive development, of growth in population and production, never before known in this State.

The Union Pacific has consistently stated that its primary interest is an independent Central Pacific for its connection at Ogden, free and untrammelled, so that it can co-operate with the Union Pacific in providing a high grade of transportation service and in aiding the development of this territory. Such co-operation will insure a transcontinental route eastward through Ogden which will provide active competition with all other transcontinental routes.

The Union Pacific henceforth purposes to develop its legitimate interests in California. It confidently relies upon the justness and fairmindedness of the citizens of this State. It asks for nothing more.

In the view of those sincerely interested in the upbuilding of California the Supreme Court's decision is a great public victory. Transportation facilities will be increased: There can be no deterioration of those facilities. The Supreme Court has safeguarded the public interest by providing that THERE WILL BE NO DISRUPTION OF EXISTING TRAFFIC ROUTES AND SERVICE.

The basis for rates into and out of California will remain unchanged. On business between the Southern Pacific and the Central Pacific in California, the one-line basis for computing rates should be continued. The Union Pacific, if it should come into control of the Central Pacific, commits itself in advance to this policy.

There will be no non-essential duplication of facilities. But there will be legitimate and timely expansion of facilities to meet the ever-increasing public demand.

Is It More Than Just Saving?

Saving money insures you against the "rainy day" and provides for the emergencies that arise in everyone's life.

But there is more than that in saving. The character-building influence of steady, consistent savings is one of the greatest by-products that comes from the habit of thrift.

Prohibition Wins

There has never been a more striking example of the old saying, that he who laughs last laughs best, than in the success of the Wright prohibition enforcement act, which was first reported as overwhelmingly defeated.

Owing to singular and somewhat egregious blunders in the first reports, now corrected, it is manifest that this important referendum measure has been carried by a majority of approximately 25,000.

The news is certainly more than heartening to the thousands of men and possibly more thousands of women voters of the Golden State, who have been waging the fight for decency ever since national prohibition came into effect. They have won a wonderful victory.

The Wright act was and is necessary to bring California within the full scope of the federal law. It will perhaps entirely stamp out bootlegging, because it makes the drastic law of the union the specific law of California.

This means that we shall have the entire force of the state, county and city officers available to help to suppress the unspeakable traffic in vile and poisonous liquors. Instead of the present twenty-eight national officers, every constable, policeman, justice of the peace and judges of every other court will be available to run down offenders of the law. The entire force now available is 22,000.

The Wright law simply declares that the people of California are supporting the constitution of the United States, and its success at the polls knocks from under the friends of liquor the last prop. No citizen, whatever his views have been, can now deny that the overwhelming sentiment of the majority of those who voted is for a bone dry state, in conformity with the federal law.

The Wright act does not add a single officer or create one additional salary. In the language of the author of the act, "It is California's pledge of allegiance to the highest ideals of citizenship." Let all good citizens rejoice that a beneficent law, which the state legislature duly passed and which was referred to the people, has at last been sustained by them by a vote decisive beyond question.

California Christmas

It is already rather late to suggest "shop early," but we may be pardoned for making a suggestion or two.

The first suggestion is remember your friends at Christmas. When it is all over and the cost and the labor are considered we resolve to ever after ignore Christmas. That feeling lasts only for a day—or a moment, then the joys of Christmas return as we count the many little happinesses during preparation and participation. We believe we are safe in suggesting that the happiness which comes from the preparation of things for Christmas is greater with many than that which comes from receiving.

Note that we say pleasure of preparation, so we suggest make it a California Christmas. Do the shopping on your own place, you who are growers of fruits or of nuts or other products which are different.

The other day we tested a product, or rather a combination of two products, strictly Californian and withal good to look upon and excellent to taste. It was simply a dried half of apricot steeped in light syrup, again dried in the sun to remove stickiness, the half of a walnut meat pressed into the cut side, all rolled in powdered sugar. The household folks may not think the editor is competent to give culinary suggestions but "believe you us" that little titbit was good and added to a bunch of California confections it helps to make up a wonderfully fine box.

Besides it is all good advertising for California, for the folks "back there" will pass it to their friends and say: "Our folks out in California made these out of their own farm."—California Cultivator.

Opportunity Schools

In every community there is a certain proportion of children who are not normal in ability. In former years these backward pupils dragged hopelessly behind in their classes. Desiring to excel in some way, they were apt to cultivate mischief as a means of proving they were not wholly deficient in ability.

Progressive school systems now establish what are often called "opportunity schools," which are special classes for these sub-normal children. Usually about half of the time of such groups is given to hand work, which interests such pupils and arouses their sluggish mentality.

Instead of being incited to lives of insubordination, they are induced to do real work, and enter useful careers. Such instruction and the special attention needed will not probably cost anything in the long run, as it saves a certain proportion of these children from being dependents and possibly criminals. —Pomona Bulletin.

Warm Argument At San Dimas Meeting

The monthly meeting of the associated chambers of commerce of the San Gabriel valley was held in the San Dimas grammar school auditorium on Tuesday evening of this week. A musical program in which community singing led by Mr. M. L. Clark was a feature, and violin solos by Mr. L. H. Spofford accompanied by Earl Foreman entertained the audience while the banquet was in progress.

The address of welcome was delivered by Mr. Herowitz in the absence of Prof. Wm. T. Randall. Mr. Page, president of the associated chambers, called the meeting to order and introduced the speakers of the evening. One of the most interesting features of the program was a moving picture illustration of the erosion of the banks of the Missouri river by the uncontrolled action of the flood waters, and the successful reclamation of the submerged land by the use of the Bignell pre-cast concrete pile. Mr. Frank D. Thompson of Lincoln, Nebraska, who exhibited the picture, illustrated the advantage of becoming acquainted with what is being done in other parts of the world by the story of the rooster and the ostrich egg.

According to the story, there was a rooster in a chicken corral which was adjacent to an ostrich farm. One day the rooster, crawling under the fence, discovered a loose ostrich egg which he industrially rolled into the chicken corral, and calling the hens together, addressed them as follows: "Ladies, I don't wish to belittle your efforts nor to insinuate that you are loafing on the job, but I thought you might be interested in seeing the result of what is being done in other communities."

The Bignell pile is of reinforced concrete with an iron tube running through the center, open four inches at the top and tapering to one and one-half inches at the bottom, with lateral jots five feet apart through the length of the pile. A hose is connected at the top through which water is forced, and the pile, being suspended by a giant crane over the desired location, the force of the water issuing from the bottom of the pile makes an opening in the ground and the pile is carried home by its own weight. So rapid is the operation that where no boulders or rocky formation obstructs its course, a pile can be sunk forty-five feet in four and a half minutes.

Captain Evans, chairman of the chamber of commerce flood control committee and kindred branches, scored the board of supervisors for its lack of progress in solving the problem of the control of flood water and its conservation for irrigating purposes. Dr. Thomas of the Los Angeles chamber of commerce emphasized the fact that in the absence of any possibility of getting sufficient water from any other source it is necessary to conserve nature's supply. Dr. Julius Koebig of the engineering com-

mittee of the Los Angeles chamber of commerce suggested that great care should be taken in selecting the location of the proposed dam in the San Gabriel canyon in order that in years to come it may not become filled with boulders and other debris falling into it from above.

In answer to the preceding speakers, Supervisor Cogswell exhibited maps illustrative of the progress made in the matter of surveys, and made the statement that of the twenty-five thousand dollars put into the budget by the county for the purpose of flood control, five thousand had been expended so far, but the gigantic difficulties confronting the board in its efforts to reach bedrock in the San Gabriel river had caused it to hesitate at spending the taxpayers' money in fruitless efforts. Owing to the water which flows perpetually a few feet below the surface of the riverbed, it is impossible for heavy traffic, and the several attempts which have been made to reach bedrock so far have been water was by system of excavation filling in as fast as they were dug.

The only feasible method of reaching bedrock unhampered by the inflow of water was by a system of excavation through shafts, and the cost of this being the neighborhood of one hundred thousand dollars, the board of supervisors felt constrained to wait a little longer in the hope that some other method might materialize which would enable it to produce the desired results at less expense.

The next meeting of the chambers will be held at Pomona, Dec. 4.

PARENT-TEACHER ASSOCIATION TO HOLD DISTRICT MEETING

USE
CONCRETE
FOR PERMANENCE

Why Not Have Streets That Will Stand It?

Nothing in your town has harder usage than your streets.

They are completely exposed to all the whims of the seasons—and to traffic as well.

Concrete Street pavement cannot blow away. Rain only makes it stronger. It can be built to carry any kind of traffic indefinitely, practically without repairs.

Concrete makes easy driving. Concrete makes driving safe. It is rigid, unyielding, skid-proof. Concrete Streets are as good one time of the year as another. Concrete pavement has the maintenance built into it.

These are some of the reasons for the rapidly growing popularity of Concrete Streets.

Our Booklet R-4 tells other interesting things about Concrete Streets. Write for your copy.

With a Little Work "That's Fun"

You can do wonders in brightening up your home

HERE and there about your home there may be places which you would like to have beautified and refinished. Why not do the work yourself?

Painting is really fun. You can do the work as well as anyone else if you follow the simple directions which we will send you.

Our "Home Service Paint Department" was organized just to help women refinish little things about the home. Write us what you want to do and how you want it to look when refinished.

Our experts will guide you through the work step by step, making every phase of it clear and simple. They will recommend materials, brushes, etc.

There are Fuller Paints, Varnishes, Enamels, Wall Finishes and Stains made especially for your use. They

are the best materials of their kind that we know after 73 years of experience in making paints.

Start working these little wonders in your home and take advantage of Fuller's Free Advice and Fuller's Products to make the work easy and successful.

Washable Wall Finish

Washable Wall Finish is a flat oil paint which produces soft pastel effects. It is easy to apply and easy to keep clean. A dampened cloth removes all unsightly marks. It's washable. 15 delicate tones.

We also make Silkenwhite Enamel, Decorat Varnish, Stains, All-purpose Varnishes, Rubber-Cement Floor Paint, Fifteen-for-Floor Varnish, Fullerwear Varnish, Floor Wax, Auto Enamel, Fuller's Hot Water Wall Finish (kalsomine), Porch and Step Paint, and PIONEER WHITE LEAD.
